Up the creek without a paddle ...

Life Is Good!

Surfango Powerboards 2008

Hawaii^{GT}

The Brisk performance and the “Riding on Rails” handling of the **Surfango Hawaii GT** provide an exhilarating day on the water. We re-engineered the hull for the best possible performance and turning capabilities. The Hawaii GT Rides like no other watercraft on the market! The centrally located joystick is simple to use, easy to control and provides incredible maneuverability. The Hawaii GT has the same 9.5hp 4-stroke engine, however we re-designed the hull for improved flotation and a larger payload capacity. The Hawaii GT still offers the same brilliant performance and the same "Riding on Rails" handling. Easy on the wallet, heavy on the fun the Surfango Hawaii GT is an experience not to be missed.

Hawaii Features :

- 2 Dry Storage Compartments
- Easy To use Centrally Located Joystick
- Foldable Seat for easy storage
- Fishing rod holders
- Optional Storage Cover
- Adjustable Foot Pedals
- Optional EZ-Move Beach Cart
- On-Board Digital Display with: RPM, Gas Gauge, Battery Meter, Coolant Temperature.
- 2 Gallon Gas Tank : 2 Hours of Runtime at Full Throttle
- Patented Jet-Pump equipped with a Weed Cutter

Specifications :

- Dimensions: 115” x 28.5”
- Weight: 139 lbs
- Max Speed: 25 mph
- Engine Type: 9.5 hp, Four-Stoke, electric Start engine with a Closed Loop Cooling System

The watercraft rule book has just
been thrown out!
